

Xth INTERNATIONAL SYMPOSIUM ON IRRIGATION OF HORTICULTURAL CROPS

SOUTH AFRICA 2023

Dear colleagues,

We remind everyone interested in attending this symposium to please submit your abstract as soon as possible. The deadline for submission of abstracts has been extended until 26 August 2022. Early Bird registration is open until 30 September 2022. More information on possible session themes has been added to the event website.

We are delighted to announce the participation of two well-known invited keynote speakers:

- Dr Elias Fereres: Emeritus professor in the School of Agricultural and Forestry Engineering, University of Córdoba, Spain, and researcher at the Institute of Sustainable Agriculture, Scientific Research Council of Spain (IAS-CSIC).** Dr Fereres' professional area of expertise is the sustainability of water-limited agriculture and the role of water in agriculture and the environment. His research activities have included irrigation water management, deficit irrigation strategies with emphasis on horticultural crops, efficient use of limited water supplies in drought situations, agricultural water use optimization, modelling crop yield response to water, water management at different scales, and water and soil conservation.
- Dr Samuel Ortega-Farias: Professor at the Agronomy School, Faculty of Agricultural Sciences, University of Talca, Chile.** Dr Ortega-Farias' research has focused on regulated deficit irrigation, sustainable water management, and mapping evapotranspiration and plant water status using remote sensing imagery obtained from unmanned aerial vehicles (UAV) and satellite remote sensing platforms. Dr Ortega-Farias is the Editor-in-Chief of the Journal "Irrigation Science" (Springer Nature).

Finally, several options are available to delegates for Pre- and Post-Symposium Tours. Please go to the "Tours" section of the event webpage for further details, or contact the symposium organiser for more information on touring options.

Visit our website <https://ishsirrigationsa2023.com/> for the latest updates on the above and other important information, and to register and submit your abstract.

To register please go to: <https://ishsirrigationsa2023.com/registration/>
